REPORT ON THE IMPACT OF PARKING DURING THE CIVIC PARK PROJECT CONSTRUCTION (SUPERVISOR ANTONOVICH REQUEST OF MAY 11, 2010 AGENDA)

On May 11, 2010, Supervisor Antonovich requested a report back on parking impacts for jurors, court employees, and the disabled that will occur during the construction of the Civic Park Project, as well as impacts on the underground parking garage between the Hall of Administration and the Mosk Superior Courthouse.

During construction of the Civic Park Project, all jurors will continue to park at the Disney Concert Hall Garage. Americans with Disabilities Act (ADA) parking will be available at the Court of Flags Lot 10, with a shuttle to and from the Foltz Center ADA accessible entrance on Temple Street. Additionally, and as a preliminary phase of the Hall of Justice Repair and Reuse Project, the surface lot adjacent to Spring Street east of the Hall of Justice building will be reconfigured to provide some ADA and public parking spaces with an accessible pathway and ramp to the Foltz Center entrance on Temple Street.

Phase I of the Civic Park Project includes the demolition of the surface parking lot west of City Hall and will require the County employees currently assigned a parking pass under the County parking system to be relocated to the Court of Flags Lot 10. Those County employees or public persons who purchase a monthly public parking pass directly from the parking concessionaire will be able to find available parking at other nearby public parking lots.

Upon issuance of the Phase I notice to proceed to the contractor, tentatively scheduled for mid-July 2010, the Grand Avenue vehicular ramps will be closed for approximately 15 months. Access to and from the parking structure between the Hall of Administration and the Mosk Superior Courthouse will be maintained through the Hill Street vehicular ramps or the underground drive-thru located on the 8th level of the Music Center parking garage.

Included in the upcoming Board letter requesting your Board's approval of the Civic Park Project final construction documents will be a recommendation to delegate the authority to the Director of Internal Services Department to temporarily adjust parking locations and rates, consistent with the Board parking guidelines, to resolve any parking conflicts during the construction of the Civic Park Project related to performances at the Music Center venues or to address any future need that may arise.

If you have any questions, your staff may contact Dawn McDivitt at (213) 974-2620.
